

Dear Owners.

We hereby inform you that, due to the Agreements of the Government of the Canary Islands, dated August 5, 2021, where in application of the sanitary protocols approved in prevention of Covid-19, it has been approved that, during the period between the period of August 9 to August 18, 2021, the entire island of Gran Canaria goes from "Phase 3" to "Phase 4", circumstances that will have consequences in the access, capacity and permanence in the Pool, Solarium and Community Bathrooms.

In view of this situation, we inform you that in application of the regulations published by the Government of the Canary Islands dated March 24, 2021, relating to the "SANITARY PROTOCOL OF PREVENTIVE MEASURES FOR THE TRANSMISSION OF SARS-COV-2 IN SWIMMING POOLS COLLECTIVE USE OF THE CANARY ISLANDS ", and in order to guarantee everyone access to information, this link is attached to the website of the Government of the Canary Islands where the application standard and health protocols for the adoption of these measures by the Community of Owners of the CCAA de Canarias.

[https://www3.gobiernodecanarias.org/sanidad/scs/content/6856982d-b52e-11ea-8c07-4dfec567d6d7/22\\_DGSP\\_PIS-COVID-19-7\\_Protocolo\\_sanitario\\_para\\_PISCINAS.pdf](https://www3.gobiernodecanarias.org/sanidad/scs/content/6856982d-b52e-11ea-8c07-4dfec567d6d7/22_DGSP_PIS-COVID-19-7_Protocolo_sanitario_para_PISCINAS.pdf)

Thus, said sanitary protocol affects both the POOL, SOLARIUM AND COMMUNITY TOILETS, so in compliance with said regulations, we inform you that next August 9, 2021, in the morning, said spaces will be adapted to compliance of the same, where, among other measures, the following will be carried out:

- 1.- Hiring a Private Security Service, to control entries and exits to the pool, as well as, if necessary, control of the limitation of times in the pool, with the sole purpose that all owners and residents They can access it, where, if necessary, lists with shifts will be made, where time limitations are established that allow the rotation of owners and users in access to said areas.
- 2.- Limitation of the capacity of pool users allowing a maximum occupancy of 33% of the total, as provided by the norm.
- 3.- Removal of the SUNBED from the pool area.
- 4.- Closure of one of the Hot Water Showers in the Pool Area.
- 5.- Control of Safety distances within the pool and in the areas adjacent to the pool.
- 6.- Closure of the PART OF Solarium area.
- 7.- Limitation of Capacity in the Community TOILETS of the Pool.
- 8.- Closing of 1 toilet and hand wash in male and female pool TOILETS.
- 9.- Closure of the showers in the swimming pool TOILETS.

In the same way, in compliance with the standard, these spaces will be cleaned and disinfected, under the terms established in the standard.

We deeply regret having to take these measures, but they have the sole purpose in the first place, to guarantee the health of all owners and users, as well as compliance with the rules established and designed by the health authorities, for which we are grateful understanding and collaboration in advance for the sacrifices and efforts to be made during this period.

From the Community Administration we remain at your disposal in order to clarify or expand any doubts or questions they have as a result of this situation.

Finally, we appeal to all owners and users in order to have a civic and rational behaviour of this measure, which has a temporary consideration, which will be based on the evolution of health

protocols as well as the development of the terrible health pandemic that we are suffering, where we will continue to inform about the measures to be adopted at all times, circumstances for which it will be necessary to comply in any case with the legal provisions that are approved by the authorities.

I take this opportunity to send you warm greetings, hoping that you and your families are in good health.

In the place and date indicated in the heading of this document.
